This action is responsive to the Request for Continued Examination filed January 25, 2010 and the interview on February 4, 2010. Claims 47-98 were pending. *Claims 47-98 are allowed.*

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas C. Basso on February 4, 2010.

The application has been amended as follows:

74. (currently amended) The method of claim ~~72~~, 73, wherein the content is accessed based on the address information of the entity of the content.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach neither singly nor in combination, the claimed limitations of "determine whether the requested content meta information has an update possibility; if the determination is the requested content meta information has the update possibility, perform an update confirmation process; if the determination is the requested content meta information does not have the update possibility, do not perform the update confirmation process so as to

increase efficiency of an update process” as stated in claim 1, and similarly stated in claims 58, 61, 70, 81, and 84. These limitations, in conjunction with other limitations in the independent claim, are not specifically disclosed or remotely suggested in the prior art of record. A review of claims 47-98 indicated claims 47-98 are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
